

Robert Ward

MRCVS, BVM&S | Ontario

Dr. Ward spent over 5 years practicing as a primary care and emergency veterinarian in both England and Canada, before starting his Dermatology Residency at the Veterinary Allergy Dermatology and Ear Referral Clinic in 2021. He is particularly interested in veterinary immunology and the inappropriate immune responses that cause allergic symptoms. He has been part of the CAVD executive committee of the CAVD since 2018 and is heavily involved with its social media and website. Outside of work he enjoys rugby, brewing, and spoiling his Boston Terrier (pictured) and French Bulldog.
